

What societal issues need more support?

Next: Vote >>

The local community government is seeking your input on how to distribute limited resources among various societal issues. Using the **quadratic survey mechanism**, please indicate your preferences below. *Upvote more* for issues you think deserve more resources, and *downvote more* for those you believe should receive fewer resources. To better **organize your thoughts**, we ask your preference toward each option. Your indication does not effect the final submitted result. You can alter your selection as you wish. Also, options within groups are draggable.

Last option to rate:

Medical Research
Devote and invest in efforts on researching causes and cures of disease and developing new treatments.

What societal issues need more support?

<< Previous: Organize

The local community government is seeking your input on how to distribute limited resources among various societal issues. Using the **quadratic survey mechanism**, please indicate your preferences below. *Upvote more* for issues you think deserve more resources, and *downvote more* for those you believe should receive fewer resources. You have 59 credits to distribute. You can vote on each option by clicking the dropdown menu when you hover over the option.

Lean Positive Options

Sort by Votes

Non-Medical Science & Technology Research

Support research and services in a variety of scientific disciplines, advancing knowledge and understanding of areas such as energy efficiency, environmental and trade policies, and agricultural sustainability.
