## What societal issues need more support?

The local community government is seeking your input on how to distribute limited resources among various societal issues. Using the **quadratic survey mechanism**, please indicate your preferences below. *Upvote more* for issues you think deserve more resources, and *downvote more* for those you believe should receive fewer resources.

You have 59 credits to distribute. You can vote on each option by clicking the dropdown menu when you hover over the option.

## **All Options**
